PLASTIC POCKETS AND DIVIDERS FOR PALLET

Plastic pockets for pallet collars and pallets

The plastic pocket has a sturdy back with a pressed fold over section which provides simple and secure fastening to pallet collars. The front is transparent plastic, which protects the label from dirt and wear and tear. It also protects against rain in case of outdoors storage. The plastic pockets come in three different sizes as standard. We can also provide other formats on request.

Size mm	Paper size	Units	Art. nr
235x170	A5	100	590 10 00
305x230	A4	100	590 10 10
165x115	A6	100	590 10 24
Label, yellow	A5	100	590 20 00
Label, yellow	A4	100	590 20 10
Label, yellow	A6	100	590 20 11

Plastic pocket for pallets, fastens onto the middle deck
145x115 200 590 30 00
Label, white 140x95 200 590 40 00

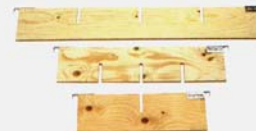

Labels are printed on 180 gr yellow paper

PE1 and PE2 for full pallets

PE2 and PE3 for half-size pallets

PE1: 280 mm between slits; PE2: 180 mm between slits.

Pallet collar dividers

With our pallet collar dividers you will be able to utilise your entire pallet collar. In one simple move you will have divided your pallet collar into different compartments without damaging it. The pallet collar dividers are made of 12 mm plywood with sturdy steel clips.

Type	Size mm	Art. nr
PE 1	115x190	590 30 10
PE 2	75x190	590 30 20
PE 3	55x190	590 30 30

Collapsible Pallet collars

Our flexible and returnable pallet collars are used in many areas within rational material handling. The timber and fittings are of a high quality.

Art. nr	Size mm
595 10 12	1200x800x200
595 10 13	800x600x200

PALLET COLLAR ACCESSORIES

Stacking corner

The stacking corner is made of HD polyethylene. The pallet will remain stable and secure during stacking and transport. One stacking corner is needed for each of the collar's corners.
Art. nr 590 35 00

Collar lock

Our effective collar lock prevents the collar from lifting during involuntary handling. It prevents leakage between the pallet and collar. They are available for one, two, three or four collars.

Type	Art. nr
One collar	590 35 20
Two collars	590 35 21
Three collars	590 35 22
Four collars	590 35 23

Pallet collar separator

The pallet collar building system. Made of tough zinc coated steel. With our separators you will be able to stack stably and save floor space. Easily accessible lifting directly from the pallet collar without the need for pallet racks. They can handle loads of up to 1000 kg for 4 pallet collars.
Art. nr 590 35 50

Pallet separator

Made of tough, zinc coated steel. They can handle loads of up to 1000 kg for 4 pallets. Two left- and two right-separators per pallet.
Art. nr 590 35 51 Free height of 250 mm

Floor markings

Yellow floor markings in durable plastic, with a strong adhesive backing.

Type	Size mm	Art. nr
Dot	90	590 70 01
Corner (L)		590 70 02
T. bar		590 70 03

Goods support

With bayonet-fastening bottom plates that grip between the pallets decks. Blank zincplated.

Art. nr 590 35 60 Size: 1000x25 mm
